

Freshwave Ministries' *New Bus!*

In response to our need and request for funds for a new bus, we were able to purchase a used delivery vehicle. We took it to a graphics company to get our logo on it and then many renovations were undertaken to utilize the space well. They included floor to ceiling shelving and a window on the passenger side, out of which we can serve food. These renovations were installed with help from some people on our Freshwave team!

This bus is also a great way to increase our street presence and even has a QR code so people walking by can easily donate to the ministry. If you are ever downtown on a Monday, you know people often stop to encourage us and ask how they can make a donation. It is a beautiful thing!

**Take a trip down memory lane!
Our bus from 2019 - 2025:**

EVENT DETAILS AT: <https://www.facebook.com/TheWanderInnCafe/>

Our Volunteers are Amazing!

Here is a little bit about what some of our volunteers do besides their dedicated involvement in Freshwave Ministries:

1.
 I work one day a week at Camille's Boutique in Ladner. I, also, participate in church activities (bible study, serving soup on our bun/soup days). I go to Jazzercise two or three times a week. Other days are spent having coffee with friends. - Zoe

2.
 I am 80 this year and it feels good to still be an active part of the community. The best part is it's not 9 - 5. Ladner takes care of it's seniors. I enjoy volunteering, exercising, crib, a book club, and walking at many of the facilities here. My favorite expression is "Life is good!" - Lila

3.
 I work full-time in a local restaurant and I take music lessons (piano/vox/guitar). I also attend a weekly men's bible study and volunteer at church as a Sunday greeter. I'm a voracious reader. - Shaun
